

Soccer Nomination Form

How does my team enter? Simply organize enough players for your team, complete the details listed below and submit/post/fax your Nomination form to the stadium.

How is my team graded? Each new team plays 3-5 grading games against varying grades of opposition to enable Stadium Management to evaluate your level of playing ability.

What days/times will my team play? Due to the number of teams playing at the stadium, fixtures are prepared via computer software using a Rotating Night/Time Preference system with competition being graded by ABILITY rather than playing nights. This system ensures your team plays against teams of similar ability – thus providing your team with an even and enjoyable competition. By numbering your day/time preferences below, our computer fixturing system matches your preferred times with those of teams in your grade and produces a varied playing fixture – whilst always trying to maximize the number of games on your preferred night and time.
